This information memorandum is neither a prospectus nor a statement in lieu of a prospectus. The issuance of Subordinated bonds is being made strictly on a private placement basis. Multiple copies hereof given to the same entity shall be deemed to be given to the same person and shall be treated as such. It does not constitute and shall not be deemed to constitute an offer or an invitation to subscribe to the bond issue to the public in general. Apart from this information memorandum, no information memorandum or prospectus has been prepared in connection with the offering of this issue.

This information memorandum has been prepared to provide general information about the issuer to potential investors to whom it is addressed and who are willing and eligible to subscribe to the bond issue. This information memorandum does not purport to contain all the information that any potential investor may require. Neither this information memorandum nor any other information supplied in connection with the bond issue is intended to provide the basis of any credit or other evaluation and any recipient of this information memorandum should not consider such receipt a recommendation to purchase any bond. Each potential investor contemplating the purchase of any bond should make his/her independent investigation of the financial condition and affairs of the issuer and his/her own appraisal of the creditworthiness of the issuer.

The information relating to the company contained in this information memorandum is believed by the issuing company to be accurate in all respects as to the date hereof.

It is the responsibility of potential investors to also ensure that they will sell/transfer these bonds in strict accordance with this information memorandum and other applicable laws. None of the intermediaries or their agents or advisors associated with this issue undertake to review the financial condition or affairs of the issuer during the life of the arrangements contemplated by this information memorandum or have any responsibility to advise any investor or potential investor in the bonds of any information available with or subsequently coming to the attention of the intermediaries, agents, or advisors.

No person has been authorized to give any information or to make any representation not contained or incorporated by reference in this information memorandum or in any material made available by the issuer to any potential investor pursuant hereto and, if given or made, such information or representation must not be relied upon as having been authorized by the issuer.

The contents of this information memorandum are intended to be used only by those potential investors to whom it is distributed. It is not intended for distribution to any other person and should not be reproduced by the recipient.

The person who is in receipt of this information memorandum shall maintain utmost confidentiality regarding the contents of this information memorandum and shall not reproduce or distribute in whole or in part or make any announcement in public or to a third party regarding its contents, without the prior written consent of the issuer till the time the information memorandum comes within public domain. Notwithstanding the foregoing, a bondholder may provide this information memorandum to a potential investor for the sole purpose of transferring the bonds.

1. RISK FACTORS AND MANAGEMENT'S PERCEPTION ABOUT THE RISKS

The following matters should be considered carefully before making any investment decision with respect to the issuer or the bonds. This section contains a list of risks usually associated with the issuer and the bonds that it is issuing. The sequence in which the risks below are listed is not intended to be indicative of any order of priority or of the extent of their consequences. This list of risk factors is not meant to be a comprehensive description of all risks which may be relevant to a decision to invest in the bonds. It does not take into consideration an investor's specific knowledge and/or understanding about the risks typically associated with the issuer and the purchase and ownership of the bonds. You are advised to review the risks below, if necessary, with the assistance of your own professional advisors, prior to making any investment decisions. If any of the risks described materialize, they could have a serious effect on the issuer's financial results, and the ability of the issuer to fulfill its obligations under the bonds to be issued.

1.1 Profit Rate Risks (Interest Rate Risks)

Profit rate risk is the exposure of a bank's financial condition to adverse movements in profit rates. The process of profit rate risk management by the bank involves determination of the business objectives, expectation about future macro variables and understanding the money markets and bond market in which it operates. Profit rate risk is the risk which affects the bank's financial condition due to changes in the market profit rates. Changes in profit rates affect both the current earnings (earnings perspective, traditional approach to profit rate risk assessment taken by many banks) as well as the net worth of the bank (economic value perspective). The risk from earnings perspective can be measured as impact on the Net Investment Income (NII). Similarly, the risk from economic value perspective can be measured as impact on Economic Value of Equity (EVE) since the underlying value of the bank's assets, liabilities, and Off-Balance-Sheet (OBS) instruments changes because the present value of future cash flows (and in some cases, the cash flows themselves) change when profit rates change.

Management Perception

The Bank adopted traditional Gap analysis for assessing impact on profit perspective (earnings perspective) and duration analysis for assessing the impact on the Economic Value of Equity (Economic Value Perspective) by applying a notional Profit rate shock up from 100 bps to 300 bps under stress test practice at the bank.

Gap analysis: - Gap analysis is the cash flow analysis of the gap between the interest income earned on a Bank's assets and the profit (interest) paid on its liabilities over a particular period of time. Under this approach, Bank reports the gaps between the Rate Sensitive Assets (RSA) and Rate Sensitive Liabilities (RSL) in each maturity bucket on its Balance Sheet. Rate sensitivity means the assets and liabilities are re-priced at current market profit (interest) rate within a certain maturity bucket.

Duration analysis: - Duration is the time-weighted average maturity of the present value of these instruments to change profit rates and therefore reflects on the economic value i.e., the present value of shareholders' equity of the Bank.

1.2 Exchange Rate Risks

Exchange rate risk is associated with the volatility in exchange rates. The risk that a business' operations or an investment's value will be affected by changes in exchange rates.

Management Perception

Foreign exchange risks are measured and monitored by Treasury division. To evaluate the extent of foreign exchange risk, a liquidity gap report is prepared for each currency. Gap or mismatch of maturities can arise due to a customer transaction resulting in a long or a short position for the bank. EXIM has established Risk Tolerance limits for foreign exchange exposure with the directives of Bangladesh Bank in order to ensure that any adverse exchange rate movements on the results of the Bank due to un-hedged foreign exchange positions are managed within acceptable parameters.

1.3 Non-Repayment Risks (Investment Risks)

The bank may face potential loss arising from the possibility of a borrower or counter party failing to meet agreed obligations resulting into an adverse impact on the quality of bank's assets and profitability. Non-repayment risk also refers to the bank's risk of having its cash flows interrupted when a borrower fails to make their repayment. Such a scenario results into having the loan classified in separate categories, the extreme one being Non-Performing Loans (NPL) which adversely impacts the bank's profitability due to higher required provisioning.

Management Perception

EXIM has established a system of independent, ongoing investment review and the results of such reviews are communicated directly to the board of directors and senior management. EXIM ensures that the investment-granting function is being properly managed and that investment exposures are within levels, consistent with prudential standards and internal limits. The bank has established and enforced internal controls and other practices to ensure that exceptions to policies, procedures and limits are reported in a timely manner to the appropriate level of management. EXIM has a system in place for managing problem investment and various other workout situations.

1.4 Prepayment, Call or Refunding Risks

Call risk is the risk that the Bonds an investor has invested in will be redeemed by the issuer before its maturity date, thereby raising the risk for the investor as they would have to reinvest the redeemed amount at a much lower rate or in an unfavorable investing market scenario. If the Bonds is called at or close to par value, as is usually the case, investors who paid premium for their Bonds also risk a loss of principal. In reality, prices of callable Bonds are unlikely to move much above the call price if lower interest rates make the Bonds likely to be called.

Management Perception

Prepayment risk is not present for any of the bond issuances of EXIM Bank. Also, this particular bond issue does not have prepayment; call or refunding option thus, does not impose risk to the Issuer.

1.5 Security Risks

The risk of loss arising from errors in the nature, quantity, pricing, or characteristics of collateral securing a transaction with credit risk. Institutions that actively accept and deliver collateral and are unable to manage the process accurately are susceptible to loss.

Management Perception

Since this is an unsecured bond, this particular risk is not applicable here.

1.6 Liquidity Risks

Liquidity is a bank's ability to meet its cash and collateral obligations without sustaining unacceptable losses. Liquidity risk refers to how a bank's inability to meet its obligations (whether real or perceived) threatens its financial position or existence. Institutions manage their liquidity risk through effective asset liability management (ALM).

Management Perception

Liquidity management is treated as a priority at EXIM and efforts are taken to ensure that objectives for liquidity management are clear across the company. Asset Liability Management Committee (ALCO) is primarily responsible for establishing the market risk management, asset liability management of the bank, procedures thereof, implementing core risk management, framework issued by regulator, best risk management practices followed globally and ensuring that internal parameters, procedures, practices/policies and risk management prudential limits are adhered to.

Liquidity risk of the bank is assessed through gap analysis for maturity mismatch based on residual maturity in different time buckets as well as various liquidity ratios and management of the same is done within the prudential limit fixed thereon. Further, the Bank is also monitoring the liquidity position through various stock ratios. The bank proactively uses duration gap and profit rate forecasting to minimize the impact of profit rate changes.

1.7 Management Risks

The risk associated with the management in charge of running the company. Ineffective, myopic, or inadequate strategies undertaken by the management hurt the shareholders and in turn, expose the company to management risk. Lack of proper succession planning and experience of the management are also some key variables in considering the said risk.

Management Perception

EXIM is one of the leading banking institutions in Bangladesh with a track record of consistent performance achieved through effective leadership and corporate governance. EXIM Bank Limited has a sound management system that is not only efficient but also dynamic in taking relevant decision to make the organization more effective and results

oriented. Therefore, with a strong leadership on the back, management risks are not a matter of concern or a vital risk factor for EXIM.

1.8 Operational Risks

Operational risk is the risk of loss due to failed internal processes or external events at an organization. Operational risk involves the legal and compliance risks in response to the disruption of day-to-day business operations. It also involves risk of losses suffered by the institutions stemming from the operational errors or mismatches in the process flows inherent in the line businesses.

Management Perception

The bank's approach to operational risk is not designed to eliminate risk altogether but rather, to contain risks within levels deemed acceptable by senior management. All functions, whether business, control or logistics functions, must manage the operational risks that arise from their activities. This is supported by an independent program of periodic reviews undertaken by internal audit, and by monitoring external operational risk events, which ensure that the group stays in line with industry best practices and takes account or lessons from publicized operational failures within the financial services industry.

1.9 Business Risks

Business risk is the possibility that an organization's operations or competitive environment will cause it to generate financial results that are worse than expected. An entity with high business risk should be operated in a more conservative manner, keeping the debt level as low as possible. Business risk is influenced by a lot of factors, including revenue, costs, competition, and overall economic climate and government regulations.

Management Perception

The Bank has a robust risk management system to counter any adverse business risk and maneuver in a hostile business environment. Most business risks have been covered in investment, liquidity and profit rate risks. To counter and mitigate business risk, the following mitigation measures are in place:

1. Regular review of impact of global economic meltdown and taking appropriate measures;
2. Innovative and convenient financial products and services;
3. Taking prompt action on customer complaints;
4. Frequent assessment of client satisfaction;
5. Regular review of performance against budget and targets;
6. Review and analysis of competitors' performance;

Prevention of risk by forecasting future market condition gives EXIM competitive edge over other competitors in the local market. In order to mitigate prospective risks of the market, the equity and research team regularly assesses the market information. This assessment updates the management about the current market situation, growth of certain industries, current global phenomena, price index of raw materials, refinance scheme taken by central

bank and regulatory steps taken by various regulatory bodies. This also helps to make future prediction on any industry and the market as a whole.

1.10 Industry Risks

Industry Risk is the possibility that a specific industry will not perform up to the expected level or at par. When problems plague one industry, they affect the individual organizations of that particular industry. Industry risk also refers to the risk of increased competition from foreign and domestic sources leading to lower revenues, profit margins, loss of market share, etc. which could have an adverse impact on the business, financial condition and result of operation.

Management Perception

EXIM Bank has always been careful in offering innovative, convenient and cost-effective financial products and services which in turn minimizes its industry risk exposure. Since its inception the bank contributes significantly in harnessing deposits by launching different attractive schemes befitting the requirement of different segments of customers. The bank actively encourages feedback from the customers and regard complaints as constructive comments that help build customer relationships and improve business. The Bank has also succeeded in diversifying its business portfolio across the thrust sectors of the economy and always takes special care for superior value addition in its services to clientele.

1.11 Market & Technology Related Risks

Market Risk for EXIM is that the fair value of future cash flows of the financial instruments will fluctuate due to change in different market variables. Technology risk is the process of managing the risk associated with implementation of new technology. If a new technology is not compatible with business function of the company, the company may suffer in the long run. A non-compatible technology not only brings difficulty in all sorts of operations of the company but also runs the risk of wasting money by choosing the wrong one.

Management Perception

Information Technology Risk: Separate IT Security Department has been formed to assess the IT risks faced by the Bank and suggest suitable risk management process for the Bank.

Market Risk: Market risk is actively monitored by the Treasury division of the Bank. As per stress testing, the Bank is unlikely to face any major risks in liquidity, profit rates and foreign exchange.

1.12 Risks related to Potential or Existing Government Regulations

Excessive growth of risk weighted assets against the growth of eligible regulatory capital of EXIM Bank Limited might breach Bangladesh Bank's criteria of minimum capital requirement. Also, the bank might fail to comply with the laws, regulations or codes applicable to the financial services industry.

Management Perception

Internal Control and Compliance team of EXIM works to achieve effectiveness and efficiency of operations, reliable financial reporting and compliance with laws and regulations. Pillar 1 and Pillar 2 of Basel-III accord is also focused on operational risk and supervisory review respectively attaching considerable importance to internal control & compliance and on supervision & monitoring. As prescribed in the Bangladesh Bank core risk guideline on Internal Control & Compliance, Management Committee of EXIM Bank reviews the overall effectiveness of internal control system.

1.13 Risks related to Potential changes in Global or National Policies

This risk is associated with any potential global issues (i.e., a global financial crisis or a massive volatility in an international currency) or a national policy change (i.e., regulatory changes made by the Bangladesh Bank or the Bangladesh Securities and Exchange Commission).

Management Perception

Even though this security would be issued in the local market, potential global/national policy changes are likely to have impact on the security issued in minimal margin. However, EXIM has a robust risk management team and has the capability to adapt to any global scenario that might affect the local market.

3. DETAILS PLAN OF THE UTILIZATION OF PROCEEDS

Export Import Bank of Bangladesh Limited has decided to increase the Tier II capital to meet capital requirement under Basel III and to strengthen the regulatory capital base of the Bank. The issuer has planned to raise BDT 4,000,000,000 to strengthen its Tier II Capital base. The fund raised through issuing the proposed bonds will provide the bank additional capital cushion in light of risk weighted capital adequacy ratio, and will help the bank to grow its investment portfolio.

The funds being raised by the Issuer through the present issue are not meant for financing any particular project. The Bank Issuer shall utilize the proceeds of the issue for its regular business activities. The issuer shall not utilize proceeds of the issue for any purpose which may be in contravention of the regulations/guidelines/norms issued by the Bangladesh Bank and Bangladesh Securities and Exchange Commission.

Basel III:	Means the Basel III International regulatory framework for banks. Basel III framework was drafted by the Basel Committee on banking supervision, which is a committee of bank of international settlements. It is the risk-based capital framework to be followed by banks across countries and it has been designed to be risk sensitive across various types of banking assets, including securitization exposure. Basel III is based on the following three mutually reinforcing pillars that allow banks and supervisors to evaluate properly the various risks that banks face. a) minimum capital requirements, which seek to refine the present measurement framework; b) supervisory review of an institution's capital adequacy and internal assessment process; and market discipline through effective disclosure to encourage safe and sound banking practices

7. RIGHTS, DUTIES & OBLIGATIONS OF THE TRUSTEE

7.1 Trustee's Rights

7.1.1 **Applicable Law:** Notwithstanding anything contained in this Trust Deed the Trustee shall have all such rights and powers granted to it under the applicable law including but is not limited to the rules.

7.1.2 **Advice:** The Trustee may in relation to this Trust Deed act on the opinion or advice of or a certificate or any information obtained from any lawyer, banker, valuer, surveyor, broker, auctioneer, accountant or other expert (whether obtained by the Trustee, the issuer, or any Subsidiary) and which advice or opinion may be provided on such terms (including as to limitations on liability) as the Trustee may consider in its sole discretion to be consistent with prevailing market practice with regard to advice or opinions of that nature and shall not be responsible for any liability occasioned by so acting; any such opinion, advice, certificate or information may be sent or obtained by letter, telegram, telex, cablegram or facsimile transmission.

7.1.3 **Resolution or direction of Bondholders:** the Trustee shall not be responsible for acting upon any resolution purporting to be a written resolution or to have been passed at any meeting of the bondholders in respect whereof minutes have been made and signed or a direction of a specified percentage of bondholders, even though it may subsequently be found that there was some defect in the constitution of the meeting or the passing of the resolution or the making of the directions or that for any reason the resolution purporting to be a written resolution or to have been passed at any meeting or the making of the directions was not valid or binding upon the bondholders.

7.1.4 **Trustee not responsible for investigations:** save as otherwise provided by applicable law, the Trustee shall not be responsible for, or for investigating any matter which is the subject of, any recital, statement, representation, warranty or covenant of any person contained in this Trust Deed, the bonds, or any other agreement or document relating to the transactions herein or therein contemplated or for the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence thereof.

7.1.5 **Entry on the Register:** The Trustee shall not be liable to the issuer or any bondholder by reason of having accepted as valid or not having rejected any entry on the register later found to be forged or not authentic and can assume for all purposes in relation hereto that any entry on the register is correct.

7.1.6 **Events of Default:** Save as otherwise provided by applicable law, until it shall have actual knowledge or express notice to the contrary, the Trustee shall be entitled to assume that no such event of default has happened and that the issuer is observing and performing all the obligations on its part contained in the bonds and under this Trust Deed and no event has happened as a consequence of which any of the bonds may become repayable.

- 7.1.7 Right to Deduct or Withhold: Notwithstanding anything contained in this Trust Deed, to the extent required by any applicable law, if the Trustee is or will be required to make any deduction or withholding from any distribution or payment made by it hereunder or if the Trustee is or will be otherwise charged to, or is or may become liable to, tax as a consequence of performing its duties hereunder whether as principal, agent or otherwise, and whether by reason of any assessment, prospective assessment or other imposition of liability to taxation of whatsoever nature and whenever made upon the Trustee, and whether in connection with or arising from any sums received or distributed by it or to which it may be entitled under this Trust Deed (other than in connection with its remuneration as provided for herein) or any investments or deposits from time to time representing the same, including any income or gains arising there from or any action of the Trustee in connection with the trusts of this Trust Deed (other than the remuneration herein specified) or otherwise, then the Trustee shall be entitled to make such deduction or withholding or, as the case may be, to retain out of sums received by it an amount sufficient to discharge any liability to tax which relates to sums so received or distributed or to discharge any such other liability of the Trustee to tax from the funds held by the Trustee upon the trusts of this Trust Deed.
- 7.1.8 Liability: The Trustee shall not be liable to any person for any matter or thing done or omitted in any way in connection with or in relation to this Trust Deed or the bonds save in relation to its own gross negligence, willful default or fraud. Associated clause shall survive the termination or expiry of this Trust Deed or the removal or termination of the Trustee.
- 7.1.9 Force Majeure: The Trustee shall not be liable for any failure or delay in the performance of its obligations under this Trust Deed or any other bond document because of circumstances beyond such Trustee's control, including, without limitation, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, embargo, labor disputes, any laws, ordinances, regulations or the like which restrict or prohibit the performance of the obligations contemplated by this Trust Deed or any other Bond Document, inability to obtain or the failure of equipment, or interruption of communications or computer facilities, and other causes beyond such Trustee's control whether or not of the same class or kind as specifically named above. However, the Trustee shall use commercially reasonable efforts consistent with accepted practice in its industry to resume performance as soon as practicable under the circumstances.
- 7.1.10 Immunities: The Trustee's immunities and protections from liability and its right to indemnification in connection with the performance of its duties under this Trust Deed shall extend to the Trustee's officers, directors and employees. Such immunities and protections and right to indemnification, together with the Trustee's right to compensation, shall survive the Trustee's resignation or removal, the defeasance or discharge of this Trust Deed and final payment of the Bonds. The Issuer acknowledges that in any proceedings taken in relation to this Trust Deed, it will not be entitled to claim for itself or any of its assets immunity from suit, execution, attachment or other legal process.

7.1.11 Professional charges: Any trustee being a banker, lawyer, broker or other person engaged in any profession or business shall be entitled to charge and be paid all usual professional and other charges for business transacted and acts done by him or his partner or firm on matters arising in connection with the trusts of this Trust Deed and also his properly incurred charges in addition to disbursements for all other work and business done and all time spent by him or his partner or firm on matters arising in connection with this Trust Deed, in each case as agreed pursuant to the Fee Letter (including matters which might or should have been attended to in person by a trustee not being a banker, lawyer, broker or other professional person).

7.1.12 Expenditure by the Trustee: Nothing contained in this Trust Deed shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of any right, power, authority or discretion hereunder if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

7.1.13 Trustee may enter into financial transactions with the Issuer: No Trustee and no director or officer of any corporation being a Trustee hereof shall by reason of the fiduciary position of such Trustee be in any way precluded from making any contracts or entering into any transactions in the ordinary course of business with the issuer or any subsidiary, or any person or body corporate directly or indirectly associated with the issuer or any subsidiary, or from accepting the trusteeship of any other debenture stock, debentures or securities of the issuer or any subsidiary or any person or body corporate directly or indirectly associated with the issuer or any subsidiary, and neither the Trustee nor any such director or officer shall be accountable to the bondholders or the Issuer or any subsidiary, or any person or body corporate directly or indirectly associated with the Issuer or any subsidiary, for any profit, fees, commissions, discounts or share of brokerage earned, arising or resulting from any such contracts or transactions and the Trustee and any such director or officer shall also be at liberty to retain the same for its or his own benefit.

7.1.14 Trustee Liability: The Trustee shall not be liable to any person for any matter or thing done or omitted in any way in connection with or in relation to this Trust Deed or the bonds save in relation to its own gross negligence, willful default or fraud.

7.1.15 Right to Sue: The Trustee may sue and may be sued on behalf of the bondholders.

7.2 Trustee's powers and duties

7.2.1 Applicable Law: Notwithstanding anything contained in this Trust Deed the Trustee shall have all such responsibility as set out in the applicable law including but is not limited to the rules.

7.2.2 Act for Bondholders: Subject to applicable law and terms and conditions of this Trust Deed, the Trustee shall act on behalf and for the exclusive interest of the bondholders.

Monitoring: Trustee shall ensure that issuer is observing the applicable law for the bonds and the terms and conditions of the bond documents. As soon as the Trustee is

aware of any breach by the issuer it shall immediately inform the bondholders and the issuer of such breach.

- 7.2.4 Report to BSEC: Trustee shall submit an annual compliance report to the BSEC on the activities of the issuer including repayment of dues to the bondholders. When Trustee shall submit such report to the BSEC it shall provide copy to the issuer and the bondholders.
- 7.2.5 Grievances of the Bondholders: Upon receipt of a complaint from the bondholders trustee shall take necessary steps for redress of grievances of the bondholders within one month of the date of receipt of the complaints and he shall keep the BSEC and the Issuer informed about the number, nature and other particulars of the complaints received and the manner in which such complaints have been redressed.
- 7.2.6 Trustee's determination: The Trustee may determine whether or not a default in the performance or observance by the Issuer of any obligation under the provisions of this Trust Deed or contained in the bonds is capable of remedy and/or not materially prejudicial to the interest of the Bondholders and if the Trustee shall certify that any such default is, in its opinion, not capable of remedy and/or /or materially prejudicial to the interest of the bondholders, such certificate shall be conclusive and binding upon the Issuer and the bondholders.
- 7.2.7 Determination of questions: The Trustee as between itself and the Bondholders shall have full power to determine all questions and doubts arising in relation to any of the provisions of this Trust Deed and every such determination, whether made upon a question actually raised or implied in the acts or proceedings of the Trustee, shall be conclusive and shall bind the Trustee and the bondholders.
- 7.2.8 Trustee's discretion: The Trustee shall (save as expressly otherwise provided herein) as regards all the trusts, powers, authorities and discretions vested in it by this Trust Deed or by operation of law, on reasonable ground have absolute and uncontrolled discretion as to the exercise or non-exercise thereof and the Trustee shall not be responsible for any liability that may result from the exercise or non-exercise thereof (save as otherwise provided by applicable law) but whenever the Trustee is under the provisions of this Trust Deed bound to act at the request or direction of the Bondholders, the Trustee shall nevertheless not be so bound unless first indemnified and/or provided with security to its satisfaction against all actions, proceedings, claims and demands to which it may render itself liable and all costs, charges, damages, expenses and liabilities which it may incur by so doing.
- 7.2.9 Trustee's consent: Any consent given by the Trustee for the purposes of this Trust Deed may be given on such terms and subject to such conditions (if any) as the Trustee may require.
- 7.2.10 Application of proceeds: The Trustee shall not be responsible for the receipt or application by the issuer of the proceeds of the issue of the subordinated bonds.
- 7.2.11 Error of judgment: The Trustee shall not be liable for any error of judgment made in good faith applying due diligence and without negligence by any officer or employee

of the Trustee assigned by the Trustee to administer its corporate trust matters, save in relation to its own gross negligence, willful default or fraud.

7.2.12 Agents: Subject to the provisions of the Trust Act 1882 and the Rules, the Trustee may, in the conduct of the trusts of this Trust Deed instead of acting personally, employ and pay an agent on any terms, whether or not a lawyer or other professional person, to transact or conduct, or concur in transacting or conducting, any business and to do or concur in doing all acts required to be done by the Trustee (including the receipt and payment of money) with the consent of issuer and the Trustee shall not be responsible for any loss, liability, expense, demand, cost, claim or proceedings incurred by reason of the misconduct, omission or default on the part of any person appointed by it hereunder or be bound to supervise the proceedings or acts of any such person provided that the Trustee had exercised reasonable care in the appointment of such person.

7.2.13 Confidential information: The Trustee shall not (unless required by law or ordered so to do by a court of competent jurisdiction) be required to disclose to any bondholder confidential information or other information made available to the Trustee by the issuer in connection with this Trust Deed and no bondholder shall be entitled to take any action to obtain from the Trustee any such information.

7.2.14 Determination of Profit Rate: The Trustee shall determine profit rate in accordance with conditions of the bond.

7.3 Exercise of Discretion

7.3.1 Notwithstanding anything in this Trust Deed to the contrary, the Trustee shall not be obliged to exercise or consider exercising any discretion or consider making or make any determination (including, without limitation, any determination as to whether any fact or circumstance or activity or thing is material or substantial or complies with some such similar quantitative standard) or to consider taking or take any action whatsoever in connection with or under or pursuant to the Bonds unless directed to do so by the holders of not less than 66^{2/3} percent in principal amount of the bonds then outstanding or if so directed by an Extraordinary Resolution of Bondholders (subject in all cases to the Trustee having been indemnified or provided with security to its satisfaction and otherwise being satisfied that it is lawful for it to so exercise discretion, make a determination or otherwise take any action). Such direction shall specify the way in which the Trustee shall exercise such discretion or, as the case may be, make the determination or take the action to be taken by the Trustee.

7.3.2 The Trustee will be responsible for any loss, expense, damage, claim, cost, charge or liability which may be suffered as a result of any exercise or non-exercise of a discretion or the making or failure to make any determination or the taking or failure to take any action by the Trustee, acting on the directions of the Bondholders as aforesaid or pending the provision of such a direction.

Rate of Return/ Profit Distribution	The total profit on the Bonds will be calculated by average Benchmark Mudaraba Term deposit profit rate plus Additional Profit as described in below mechanism: Benchmark Mudaraba Term Deposit Profit: Rate of return will be calculated based on the latest available published deposit rate in Bangladesh Bank website. The average of yearly deposit rate (1 year but < 2 year) of scheduled Islamic banks (1st, 2nd & 3rd Generation banks only) excluding foreign Islamic banks and any z-category Islamic Banks enlisted in Capital Market will be considered. The first rate will be fixed at the date of the issuance of the Bonds as per above. From thereon, the rate will be re-fixed by the Trustee each year as per the Trust deed.
Additional Profit Margin	Investors will get an additional profit as Incentive/Ehsan @ 2.50% per annum to be paid annually along with the benchmark profit by the issuer for the respective investments in the Bonds.
Rate of Return Range	Provisional rate of Return will be maximum 10% and no less than 6% (subject to having available distributable profit). After each financial year-end, the issuer will give adjustment to the Bondholders in accordance with the declared final rate of scheduled Islamic banks (1st, 2nd & 3rd Generation banks only) excluding foreign Islamic banks and any z-category Islamic banks enlisted in Capital Market in the respective financial year for applied Mudaraba Term Deposit profit for 1 year tenor.
Quotation Day	Five (5) days before any payment period for which a rate of return is to be determined. Rate of return/Profit distribution mechanism will be considered while declaring the profit rate
Rate of Return Discretion	The issuer will have full discretion at all times to cancel distributions/payments to the bondholder.
Exercise of Rate of Return Discretion	Any return payment will be distributed subject to having available distributable profit of the issuer
Payment of profit	Annually, payment will be made end of calendar year. Any payment will be made within 30 days of payment date after that late payment clause will be in effect.
Late Payment	Issuer shall pay a late payment penalty of 2% (two per cent) higher than the Rate of Return and be payable on the amount not paid on the due date till the date of actual payment unless exercise of Rate of Return discretion is not in effect.

Independent Auditor's Report
to the Shareholders of Export Import Bank of Bangladesh Limited
Report on the Audit of the Consolidated and Separate Financial Statements

Opinion:

We have audited the consolidated financial statements of **Export Import Bank of Bangladesh Limited** and its subsidiaries (the "**Group**") as well as the separate financial statements of Export Import Bank of Bangladesh Limited (the "**Bank**"), which comprise the consolidated and separate balance sheets as at 30 June 2023 and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flow statements for the period then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 30 June 2023, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the period then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 2 and other applicable laws and regulations.

Basis for Opinion:

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

Description of key audit matters	Our response to key audit matters
<p>1. Measurement of provision for Investment</p> <p>The process for estimating the provision for investments and portfolio associated with credit risk is significant and complex.</p> <p>For the individual analysis for large exposure, provisions calculation considers the estimates of future business performance and the market value of collateral provided for credit transactions.</p> <p>For the collective analysis of exposure on portfolio basis, provision calculation and reporting are manually processed that deals with voluminous databases, assumptions and estimates of complex design and implementation.</p> <p>At 30.06.2023 the Group reported total Investment of BDT 458,878,490,592 (31.12.2022: BDT 453,449,143,803) and provision for Investment of BDT 12,974,884,603 (31.12.2022: BDT 12,796,430,285).</p> <p>We have focused on the following significant judgements and estimates which could give rise to material misstatement or management bias:</p> <ul style="list-style-type: none"> Completeness and timing of recognition of loss events in accordance with criteria set out in BRPD circular no 14, dated 23 September 2012 and BRPD circular no 03, dated 21 April 2019; and For individually assessed provisions, the measurement of the provision may be dependent on the valuation of collateral, estimates of exit values and the timing of cash flows. <p>Provision measurement is primarily dependent upon key assumptions relating to probability of default, ability to repossess collateral and recovery rates.</p> <p>As per Bangladesh Bank Circular BRPD Circular No. 03, dated January 31, 2021, BRPD Circular No. 05, dated March 24, 2021, BRPD Circular No. 13, dated June 27, 2021, BRPD Circular No. 19, dated August 26, 2021, in case of investments if a borrower repays 25% of his payable amount in between 1st January 2023 to 31st December 2023 those loans and advances will not fall in classification. So still the Bank has nearly above two months for collecting installment against loans and advances.</p>	<p>We tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> Investments appraisal, investment disbursement procedures, monitoring and provisioning process; Completeness of appropriate documentation before disbursement of investments as well as recording of investments balance; Alternate procedures applied by management to assess new investment/renewal of existing investments where latest audited financial statements of the borrower is not available; Identification of loss events, including early warning and default warning indicators; and Reviewed quarterly Classification of Investments (CI). <p>Our substantive procedures in relation to the provision for investments portfolio comprised the following:</p> <ul style="list-style-type: none"> Reviewed the adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines; Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information; Evaluated the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines. Finally, compared the amount of provision requirement with the actual amount of provision maintained.

2. Investment income recognition	
<p>Recognition and measurement of investment income involve complex IT environment as well as require critical estimates and judgment. Since profit income from investments is one of the key performance indicators of the Bank there is an inherent risk of fraud and error in recognition of interest income.</p> <p>Accordingly, this has been considered as key audit matter.</p>	<p>We tested the design and operating effectiveness of key controls including automated control over recognition and measurement of profit on investments.</p> <p>For selected customers and investment files on sample basis we have also performed substantive test of details including recalculation and cut-off testing to check accuracy of profit income.</p> <p>Finally, we also conducted substantive analytical procedures to assess reasonableness of profit recognized during the year with reference to the product wise outstanding investments.</p>
See note # 23,23(a) to the financial statements	

Risk	Our response to the risk
3. Adequacy of income tax provision and measurement of deferred tax liabilities	
<p>Calculation of income tax provision required compliance with the Income Tax Act (ITA) 2023 including careful consideration of various temporary and permanent differences. Furthermore, upon final settlement of pending tax assessments any excess or short provision of current tax is also adjusted in the current year.</p> <p>Finally, significant judgment is required in relation to deferred tax assets as their recoverability is dependent on forecasts of future profitability over several years.</p> <p>Accordingly, this area has been considered as a key audit matter.</p> <p>As at 30 June 2023 the Bank reported income tax provision net off AIT of BDT 552,486,018 (31.12.2022: BDT 1,571,977,058) and corresponding current income tax charges of BDT 962,626,509 (31.12.2022: 902,699,749). In addition, total deferred tax liabilities of BDT 42,148,559 (31.12.2022: 66,328,390) recognized by the Bank.</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the recognition and measurement of both current tax and deferred tax, including the assumptions used in estimating the Bank's taxable income.</p> <p>We reviewed tax position for those years where income tax assessment is pending and assess adequacy of tax provision recorded by the Bank. Special focus attention was given to any reversal/adjustment of income tax provision from the prior year.</p> <p>We also assessed the completeness and accuracy of the data used for the estimates of future taxable income.</p> <p>We involved tax specialists to assess key assumptions, controls, recognition and measurement of current and deferred tax.</p> <p>Finally assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax including deduction of DTL on specific provision from regulatory capital.</p>

Risk	Our response to the risk
4. Valuation of unquoted bond	
Investment in bonds are classified as HFT and hence measured at mark to market/fair value.	We assessed the processes and controls put in place by the Bank to identify and confirm the existence of bonds.
In the absence of a quoted price in an active market, the fair value of Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.	We obtained an understanding, evaluated the design, and tested the operating effectiveness of the key controls over the bonds and bonds valuation/ impairment assessment processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.
Similarly, impairment assessment of financial instruments measured at amortized cost also required mainly unobservable market data and assumptions.	We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.
Accordingly, this is considered as a key audit matter.	Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.
See note # 06 (v) to the financial statements	
Risk	Our response to the risk
5. Carrying value of Investments in Subsidiaries by the Bank	
The Bank has invested in equity shares of its subsidiaries namely EXIM Islami Investment (Local), EXIM Exchange Company (UK) Ltd. (Foreign) and EXIM Finance (Hong Kong) Ltd. (Foreign). As at 30 June 2023, the carrying value of these investments are BDT 2,135,926,806 (31.12.2022: BDT 2,135,926,806).	We have reviewed management's analysis of impairment assessment and recoverable value calculation of subsidiaries in accordance with IAS 36: Impairment of Assets.
At the time of conducting our audit of the separate financial statements of the Bank, we have considered the recoverable value of the Bank's investments in EXIM Islami Investment (Local), EXIM Exchange Company (UK) Ltd. (Foreign) and EXIM Finance (Hong Kong) Ltd. (Foreign) at cost.	We have analyzed the appropriateness of the value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.
Management has conducted impairment assessment and calculated recoverable value of its subsidiary EXIM Islami Investment (Local), EXIM Exchange Company (UK) Ltd. (Foreign) and EXIM Finance (Hong Kong) Ltd. (Foreign) in accordance with IAS 36.

Risk	Our response to the risk
6. Legal and regulatory matters	
<p>We focused on this area because the Bank and its subsidiaries (the "Group") operates in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.</p> <p>These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over compliance with various regulatory directives and process to create provision, if any.</p> <p>We enquired to those charged with governance to obtain their view on compliance status of all regulatory matters.</p> <p>We enquired of the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.</p> <p>We also assessed the Bank's provisions and contingent liabilities disclosure.</p>

Risk	Our response to the risk
7. Risk Our response to the risk IT systems and controls	
<p>Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.</p> <p>Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.</p>	<p>We tested the design and operating effectiveness of the Bank's IT access controls over the information systems that are critical to financial reporting.</p> <p>We tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</p> <p>We tested the Bank's periodic review of access rights and reviewed requests of changes to systems for appropriate approval and authorization.</p> <p>We considered the control environment relating to various interfaces, configuration and other application layer controls identified as key to our audit.</p>

Reporting on other information:

Management is responsible for the other information. The other information comprises all the information in the Annual Report other than the consolidated and separate financial statements and our auditors' report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, on the other information obtained prior to the date of this audit report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements:

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and separate financial statements of the Bank in accordance with IFRSs as explained in note 2, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act-1991 (Amendment up to 2023) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

In accordance with the Companies Act, 1994, the Securities and Exchange Rules 2020, the Bank Company Act-1991 (Amendment up to 2023) and the rules and regulations issued by Bangladesh Bank, we also report that:

- i. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- ii. to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the consolidated financial statements and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
 - a) internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
 - b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities;
- iii. Financial statements of three subsidiaries namely, EXIM Islami Investment (Local), EXIM Exchange Company (UK) Ltd. (Foreign) and EXIM Finance (Hong Kong) Ltd. (Foreign) has been Audited by Hoda Vasi Chowdhury & Co., Chartered Accountants, AGP Consulting, Chartered Accountants and T.O. YIP & CO. LTD., Certified Public Accountants respectively and have been properly reflected in the consolidated financial statements for the period ended 30 June 2023. Figure of both subsidiaries in Bangladesh and outside Bangladesh as at 30 June 2023 have been properly reflected in the consolidated financial statements. We have carried out audit work on the selected balances and transactions, which were assessed by us as material from the Group audit perspective.
- iv. in our opinion, proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;

Notes to the Financial Statements

as at and for the period ended 30 June 2023

Circular No.16 dated 21 July 2020, BRPD Circular No.17 dated 28 September 2020, BRPD Circular Letter No. 52 dated 20 October 2020 and BRPD Circular No. 56 dated 10 December 2020 a general provision @ 0.25% to 2% under different categories of unclassified investments (standard investments) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard investments, doubtful investments and bad & loss investments has to be provided @ 20%, 50% and 100% respectively for investments depending on the duration of overdue period except short term agricultural and micro credit for which provision should be kept @ 5% for sub-standard & doubtful investments and @100% for bad & loss investments. Again as per BRPD circular no. 14 dated 23 September 2012 and BRPD Circular no. 07 dated 21 June 2018, a general provision @ 1% is required to be provided for all off-balance sheet exposures subject to some exceptions. Special General Provision for COVID-19 @ 1%-2% are also required to be provided for the period ended 30 June 2023. Such provision policies are not specifically in line with those prescribed by IFRS 9.

ii) Recognition of investment income in suspense

IFRS: According to IFRS 9, investment income is always required to be presented as a separate line item. It is calculated differently according to the status of the asset with regard to credit impairment. In the case of a financial asset that is not a purchased or originated credit impaired financial asset and for which there is no objective evidence of impairment at the reporting date. Investment revenue is calculated by applying the effective profit/interest rate method to the gross carrying amount.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once an investment is classified, investment income on such investment are not allowed to be recognized as income, rather the corresponding amount needs to be credited to an investment income in suspense account, which is presented as liability in the balance sheet.

iii) Investment in shares and securities

IFRS: According to IFRS 9 "Financial Instruments" investment in shares and securities generally falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value (as measured in accordance with IFRS 13 "Fair Value Measurement") at the year-end is taken to profit and loss account or revaluation reserve respectively.

Bangladesh Bank: As per BRPD Circular No. 15 dated 09 November 2009 investments in shares and securities (both dealing and investment) should be revalued at the year end. The quoted shares should be valued as per market price in the stock exchange(s) and unquoted shares as per book value of last audited balance sheet. Provisions should be made for any loss arising from diminution in value of investments; otherwise investments are recognized at cost.

iv) Revaluation gains/losses on Government securities

IFRS: According to IFRS 9 "Financial Instruments" where securities will fall under the category of Held for Trading (HFT), any change in the fair value of held for trading assets is recognised through profit and loss account. Securities designated as Held to Maturity (HTM) are measured at amortised cost method and interest income is recognised through the profit and loss account.

Bangladesh Bank: Bangladesh Government Islami Investment Bond (BGIIB) and Bangladesh Government Investment Sukuk (BGIS) are presented at cost price in the Financial Statements.

v) Other comprehensive income

IFRS: As per IAS 1 "Presentation of Financial Statements" Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to be included in a single Other Comprehensive Income (OCI) Statement. As such the Bank does not prepare the other comprehensive income statement. However, elements of OCI, if any, are shown in the statements of changes in equity.

vi) Financial instruments - presentation and disclosure

In several cases Bangladesh Bank guidelines categorize, recognize, measure and present financial instruments differently from those prescribed in IFRS 9 "Financial Instruments". As such full disclosure and presentation requirements of IFRS 7 "Financial Instruments: Disclosures" and IAS 32 "Financial Instruments: Presentation" cannot be made in the financial statements.

vii) Financial guarantees

IFRS: According to IFRS 9 "Financial Instruments", financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value, and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included with other liabilities.

listed valuer company of BSEC. The effects of revaluation of fixed assets have been accounted for as on 30 November 2022.

Revaluation Reserve is created by the sum of revaluation gain/(loss) and depreciation is charged on the revalued assets except land as per the respective rate of depreciation.

iv) Disposal

On disposal of fixed assets, the cost and accumulated depreciation are eliminated from the fixed assets schedule and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sale proceeds.

v) Impairment of Assets:

An asset is impaired when the carrying amount of an asset or cash-generating unit exceeds its recoverable amount. Any entity shall assess at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists the entity shall estimate the recoverable amount of the asset. If, only if, the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset shall be reduced to its recoverable amount. The reduction is an impairment loss.

- 2.20.5 Non-controlling interest in subsidiaries:** Non-controlling interest in business is an accounting concept that refers to the portion of a subsidiary company that is not owned by the parent company. The magnitude of the non-controlling interest in the subsidiary company is always less than 50% of outstanding shares, else the company would cease to be a subsidiary of the parent. Non-controlling interest belongs to other investors and is reported on the consolidated balance sheet of the owning company to reflect the claim on assets belonging to other, non-controlling shareholders. Also, non-controlling interest is reported on the consolidated income statement as a share of profit belonging to minority shareholders.

2.21 Risk management

Banking sector is considerably vulnerable to the risk factors common to the financial institutions for its very nature of businesses. For managing and mitigating various risk factors, some guiding principles have been developed based on experiences of the banking businesses to safeguard interest of the stakeholders. Bank is committed to ensure risk management practices for identified and potential risks as per guidelines of Bangladesh Bank and its own risk management framework. The summary of core risk management functions are as follows:

2.21.1 Investment risk management

The goal of investment risk management is to maximize a bank's risk-adjusted rate of return by maintaining investment risk exposure within acceptable parameters. Banks need to manage the investment risk inherent in the entire portfolio as well as the risk in individual borrower's transaction. The effective management of investment risk is a critical component of a comprehensive approach to risk management and is essential to the long-term success of any banking organization.

All investments of a bank carry some degree of risk with them, and risk is the potential of gaining or losing something of value. Lax investment standards for customers and counterparties, poor investment portfolio, or lack of attention to changes in economic or other circumstances are the

major causes of serious banking problems which can lead to deterioration in the lending practice and standard of a bank towards its counterparties. Underestimating risk harms the investors, while overestimating it prevents the proper and adequate deployment of fund towards the business. So, managing risk is a crucial factor for the sustainability of any banking business.

Investment Risk management determines the associated risks of an investment and handles those risks in the best possible way. Smooth business operation of a bank necessarily requires effective and successful management of risk elements, and also requires maintenance of effective relationship with the customer, marketing of existing investment product in an acceptable manner and exploring/innovating new product covering unexplored/uncovered area of business activities. The Bank has adopted a framework for investment risk management, set up an independent Investment Risk Management (IRM) team to establish better control. The Head of Investment Risk Management (HIRM) has clear responsibility for management of investment risk. In this regard, policies/instructions are approved by the Board of Directors or authorities depending on their delegation.

Besides qualitative indicators of investment proposals, bank applies quantitative indicators for assessing the risk associated with a customer, which is not a decision making tool but a general indicator to compare risk perception about the customers. In this regard bank has already been implemented as per Bangladesh Bank directors "Internal Credit Risk Rating System (ICRRS)" to analyze a borrower's repayment ability based on information about a customer's financial condition including their liquidity, cash flow, profitability, debt profile, market indicators, industry and operational background, management capabilities and other indicators. Different yardsticks have been used for assessing the borrowers of corresponding sectors/industry. Bangladesh Bank feels it necessary to update the existing Investment Risk Grading mechanism as per BRPD Circular no. 30 dated 30/10/2018 which has already been in application since 01/07/2019.

For proper risk management, total investment portfolio of the bank is managed by 06 (six) divisions of the bank. The divisions are - (a) IRM Division-I (Large and Corporate) (b) IRM Division-II (RMG) (c) IRM Division-III (CMSME) (d) IRM Division-IV (Retail and Agri.) (e) IML & Recovery Division and (f) IA & MIS Division. Before entertaining an investment proposal, IRMD-I, IRMD-II, IRMD-III and IRMD-IV appraise the proposal from 05 (five) aspect as like: Technical aspect, Financial aspect, Marketing aspect (demand-supply gap, marketing arrangement etc), Managerial aspect and Commercial aspect to identify/measure risk elements with quantum by analyzing/focusing historical performance of the customer, financial statement analysis, coverage of the same by security and others including customer reputation. IML&RD ensures proper management/treatment and timely recovery of delinquent investment with a view to maintain quality of assets.

In response to BRPD Circular Letter No. 04 dated 04 January 2021 and BRPD Circular Letter No. 35 dated 06 July 2021, a Memorandum of Understanding (MoU) has been signed between Export Import Bank of Bangladesh Limited and the Institute of Chartered Accountants of Bangladesh (ICAB) on 21 December 2021 to use Document Verification System (DVS), which was developed by ICAB. Initiatives are in process to verify the audited financial statements of applicable borrower through DVS.

2.21.2 Foreign exchange risk management

In the world of globalization and international business, financial institution would be performing one or the other kind of international activity like selling its products, sourcing its raw materials, raising funds from abroad and would have to deal with many currencies for making or receiving payments. This would expose to foreign exchange risk, where an appreciation or depreciation of the currency in its dealing may eaten up its profits, making it necessary to manage foreign exchange risk.

Since exchange rate volatility is unpredictable since there are so many factors that affect the movement of the exchange rates i.e. economic fundamental, monetary policy, fiscal policy, global economy, speculation, domestic and foreign political issues, market psychology, rumors, and technical factors. The exchange rate volatility poses a risk, called foreign exchange risk or currency risk.

Foreign exchange transactions of EXIM Bank are carried out with the Corporate Customers against their transactions related to export, import and remittance. Further, the foreign exchange transactions with the retail customers and the different overseas exchange houses are carried out against their covered fund of wage earners' remittances. Hence the foreign exchange risk of the Bank lies at a minimum / minimal level.

For effective and efficient management of Foreign Exchange Risk, the Bank has a well developed and well structured Foreign Exchange Risk Manual and an international standard Dealing Room Manual approved by the Board. Necessary measures are taken according to the advices of Risk Management Division (RMD). Further, in order to mitigate risk bank follows all kinds of guidelines and directives that Central Bank advises from time to time.

The Integrated Treasury of the Bank is mainly divided into three departments namely Front Office, Mid Office and Back Office. With the help of these three departments, the Treasury carries out the activities of Foreign Exchange as per procedures of Dealing Room Manual and the advices of Risk Management Division (RMD). The Front Office independently conducts the transactions in the domestic and international market with the counter parties within the limits set against by the Board. It is responsible to manage risk in accordance to the bank's policy set by the Management of the Bank. The Back Office is responsible for verification and settlement of the deals, passing of their entries in the books of accounts and providing all support services to Front Office. The reporting lines for both the offices to the Managing Director and the CEO are also separate. The Mid Office plays a

vital role in the process by checking the Foreign Exchange procedures and different limits of the deals performed by the Front Office, settlement activities of Back Office and by reporting it directly to the Managing Director and the CEO of the Bank.

All foreign exchange transactions and its holdings are revaluated daily at Mark to Market rate as determined by inter-bank and as per directives of Bangladesh Bank. All Nostro accounts are reconciled on monthly basis and the outstanding entries are reviewed by the Risk Management Division and the Management and they take necessary steps to reconcile the outstanding entries timely.

2.21.3 Asset liability management

Asset Liability Management (ALM) is a system which manages the Asset & Liability risk of a bank. It is a process of managing its balance sheet in order to provide a degree of protection to the risk arising out of asset/liability mismatch either due to liquidity or changes in profit rates. A major task of our Treasury and Financial Institutions Division (TFID) is to manage ALM risk. There is a separate and well staffed ALM Desk in Treasury and Financial Institutions Division (TFID). The bank has an Asset and Liability Management Committee (ALCO) formed in line with Bangladesh Bank guidelines and an ALM guideline rich in contents. There are liquidity management policy, transfer pricing policy, profit rate policy, contingency funding plan, wholesale borrowing guideline & management action trigger point etc. duly approved by the board which are reviewed regularly. ALM activities are carried out as per these policies and within the limit set by the board as well as by regulator. The ALCO sit at least once in a month and makes decision about asset, liability, profit rate, spread and liquidity etc. considering various internal and external risk indicators as presented through ALCO Papers.

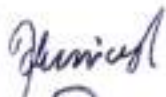

2.21.4 Money Laundering Risk Management

Banking sector is one of the most vulnerable sectors for Money Laundering, Terrorist Financing and Proliferation Financing due to its nature of business, customer types, product types, delivery channels, external linkage and ownership. The process of Money Laundering and Terrorist Financing is ever evolving as new technologies have been used by the Money Launderers & Terrorist Financers.

The management of the bank always strives to enhance bank's policies, procedures, systems and technological resources on the guidance of the Board. In line with this, our bank has implemented comprehensive policy on prevention of money laundering and combating terrorist financing and particular Guidelines for prevention of Trade Based Money Laundering upon approval of the Board of Directors. EXIM Bank also issues multiple circulars and instructions in compliance with the updated regulations to the branches for creating awareness among the officials regarding AML/CFT issues.

forth the way forward for the year and shares the initiatives taken over the last year pertaining to combating money laundering and terrorist financing.

A Deputy Managing Director has been assigned as the Chief Anti Money Laundering Compliance Officer (CAMLCO) and head of 13 members Central Compliance Committee (CCC) to supervise the overall AML & CFT compliance activities. The Deputy CAMLCO looks after the day-to-day AML functions as the Head of Money Laundering and Terrorist Financing Prevention Division and assists the CAMLCO in devising AML goals, policies and programs. The BAMLCOs of the 147 Branches carry out AML & CFT compliance programs of the Bank at Branch level. They are mainly responsible for ensuring KYC of the Customers, Risk Categorization of the Customers, Transaction/ Structuring Monitoring, Screening of Sanctions List, arranging AML Meeting(s) at Branch level, Record Keeping and Reporting of Suspicious transaction/Activity (STR/SAR).

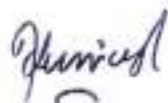

Automated Sanction screening, NID verification, Adverse-media news screening and in house developed Transaction Monitoring System have been working smoothly. We have been maintaining global standard Sanction Screening tools viz. SWIFT Screening system. EXIM Bank has been maintaining renowned 'Refinitiv Compliance Solution' for screening of PEPs, IPs, and Adverse Media News. For identification and verification of customer identity and for creating of customer digital KYC profile as well as risk grading of customer in a digital manner e-KYC has been implemented.

The Bank has been maintaining goAML Software for Cash Transaction, STR/SAR, other required reporting and for communicating with BFIU on AML/CFT issues. In line with this, an in house developed interface software is also used for screening customers against different Sanctions list. At present, EXIM Bank screen customers & transactions against UN, OFAC, EU, HMT & Local Banned List. Bank has introduced internationally standard Vessel Tracking System namely "LLOYD'S List Intelligence", for tracking shipment routes, country & port of destination, importing country and screening of ship owners, vessel & containers and authentication of Bill of Lading as well. The KYC profile of High risk accounts are reviewed by the concerned branches annually and for low risk accounts in every five years. Enhanced Due Diligence (EDD) is performed for High Risk accounts including PEPs/IPs in line with BFIU directives. Seventy five numbers of STRs are forwarded to BFIU, Bangladesh Bank in 2022 after meticulous scrutiny of the customers' transactions. The reflection of the AML/CFT performance of the bank is improvement of AML rating in the last consecutive two years.

In spite of Covid-19 pandemic, Bank continued virtual training program 2022 and several training programs have been arranged with participation of 894 officials including BAMLCOs of the branches.

As per CCC's directives, MLTFPD conducts surprise visit and inspections at the Branches for checking records/activities and creating awareness on AML & CFT issues as well in addition to the inspection conducting by the ICCD.

Our bank is extremely vigilant in its efforts to prevent money laundering and terrorist financing. MLTFP Division of the bank strives to mitigate the money laundering and financing terrorism challenges facing by the Banking/ Financial Institutions industry. It adheres to the Anti-money Laundering (AML) and Combating Financing of Terrorism (CFT) regulations enacted by the regulators to detect and prevent money laundering and financing terrorism with effective compliance system equipped with essential capabilities and newest tools.

2.21.5 Internal Control and Compliance Risk Management

As banking business involves high risks, an effective and robust internal control mechanism is considered crucial to establishing transparency and accountability in this particular filed. In addition, bank views internal control system not only as a regulatory and statutory requirement but also as prerequisite for implementation of various internal approaches, policies, procedures and strategies based on the best practices of domestic and international banks. Internal Control includes internal audit, compliance and monitoring of the bank through segregation of duties as part of its continuous supervision of the bank's internal system. To minimize the operating risks of the Bank, the Division conducts audit and inspection at regular intervals on the day-to-day activities of the Bank based on different manuals, instructions, rules and procedures formulated by Bangladesh Bank and other regulatory bodies from time to time. Within the periphery of Internal Control & Compliance Division, EXIM Bank has established three separate units as per the guidelines of Bangladesh Bank:

1. Audit & Inspection Unit
2. Compliance Unit
3. Monitoring Unit

Audit & Inspection Unit

Audit and Inspection Unit is further divided into the following three sub-units-

Audit Unit-1: Conducts audit on all ADs, Corporate Branches, Subsidiaries, and Divisions/Departments of Head Office.

Audit Unit-2: Conducts audit on all other Branches (Non-ADs, SME/Agri Branches).

Audit Unit-3: Conducts specialized (IT/IS) and vigilance audit.

Audit and Inspection Unit focuses not only on independent appraisal of the meticulous compliance of the bank with existing rules and regulations but also on observance of the regulations of the central Bank and other applicable laws. Moreover, the internal audit assists senior management and the board of directors in efficient and effective discharge of their duties and

plays an important role in establishing good governance at all levels of the entire organization. In accordance with directives of Bangladesh Bank, Internal Control and Compliance Division of EXIM Bank prepared quarterly reports on the audit findings during the period ended 30 June 2023 and submitted before the Board Audit Committee for their further analysis and necessary advice.

Compliance Unit

Compliance Unit is further divided into the following two sub-units-

- i) Internal Audit Compliance Unit: Monitors compliance activities of Branches and Divisions of Head Office under Internal audit.
- ii) External Audit Compliance Unit: Monitors compliance activities of Branches and Divisions of Head Office under external audit (Bangladesh Bank Audit, Commercial Audit, External Audit/Statutory Audit and other regulatory authorities)

This unit is primarily responsible for the supervision of the bank's compliance with all regulatory requirements. This unit also coordinates among all the regulators and notifies necessary modifications to other Divisions/Branches. In addition, it gives special emphasis on compliance of all comprehensive and special inspection reports of Bangladesh Bank, internal audit and other regulatory bodies like tax authority, ministry of finance etc.

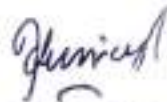

Monitoring Unit

Monitoring Unit undertakes the responsibility of ensuring that there are no errors or misreporting on the DCFCL and Quarterly Operations Report. Moreover, its responsibilities include careful and effective monitoring of the key and high risk items noted by the internal audit team, sending recommendations to the Head of ICCD for conducting special inspection on the divisions of head office/branches, when malpractices and lapses are identified.

2.21.6 Information and Communication Technology (ICT) Risk Management

Risk management in banking is theoretically defined as a plan to deal with probable losses. The focus of risk management practices within the banking industry usually revolves around managing an institution's exposure to loss or risk and protecting its assets. Business organizations, especially those in the financial sector, are constantly operating in a complex and competitive environment characterized by rapidly changing conditions and unpredictable economic climates that rely heavily on Information and Communication Technology (ICT). The integration of ICT enables banks to develop and maintain competitive edge in the business world. This advantage results in increased efficiency, automation, faster transactions, more convenient customer service delivery - all through innovative products that are currently available in new forms of technology like online banking, mobile banking, SMS banking, ATM and POS (point-of-sale terminals). However, the adoption of modern technologies has also brought

with it a number of risks related to technology that can harm banks' business. Security concerns surrounding information systems have become increasingly important, as has the need for banks to manage these risks within acceptable limits. Moreover, data and technology systems are not only valuable but also essential assets for Banks and their customers.

ICT Risk is a measure of the likelihood that a particular threat-source will exploit one's weaknesses and have an adverse effect on Bank operations. It focuses specifically on business risks associated with using, owning, operating, involving, influencing or adopting ICT within the Banks' context. In addition to IT-related incidents that could potentially disrupt bank activities, risk also includes external factors such as economic conditions. There is potential for uncertainty and variability when it comes to economic climate change, which could impact strategic goals and objectives. Managing information technology risk is an important part of ensuring a secure environment. This involves identifying factors that could damage or disclose data, evaluating those factors in light of the value of the data and possible costs associated with mitigating or reducing risk, and implementing cost-effective solutions.

In the above context, EXIM Bank has effectively addressed Information and Communication Technology (ICT) Risk as one of the key risk management issues which leads to ensure ICT security functions and operations effectively. The Bank has already updated its own ICT Security Policy (version 3.5.2.1) for management of various operations, services and associated risks which is formulated in line with the latest ICT Security Guideline version 3.0 of Bangladesh Bank (May 2015). The Bank has undertaken many security measures, controls, procedures and plans for managing this Information and Communication Technology (ICT) Risks.

Management of ICT security begins with setting roles and responsibilities of Bank's different supervisory committees, developing and reviewing ICT Security Policy, proper documentation, conducting Internal and External Information System Audit on regular intervals, training and awareness, maintaining insurance or risk coverage fund for critical ICT assets. The bank implements ICT risk management by defining an appropriate level of risk appetite, risk tolerance and management action triggers (MAT), an ICT risk awareness and culture policy and appropriate risk communication for the various stakeholders. The risk management framework has been created to ensure a good understanding of the approaches used in ICT risk management for the bank's critical systems. The Express ICT Risk Assessment is performed by developing a Business Impact Analysis (BIA) and identifying various ICT risk factors using a risk scenario assessment. The bank has developed an up-to-date Business Impact Analysis (BIA) that accurately measures the business impact of critical systems in terms of expected pre-incident financial loss by calculating RTO, RPO, WRT and MTD. Also, a specific risk response, mitigation and monitoring policy has been implemented to ensure that identified risks are appropriately addressed by the system owner considering the impact of threats and vulnerabilities. The bank has also set a timeline for the system owner to ensure that the mitigated risk does not recur and if recurrence occurs the risk owner must

respond within a specified time frame. Also, in order to bring measured risk in line with the defined risk tolerance level for the Bank, we have developed Key Risk Indicators (KRI) and Risk Mitigation procedures. The bank has also developed a Cybersecurity Policy which guides all the employees of the Bank about how and what to expect and react at the same time in the event of a cyber-attack. The bank has also developed a Malware Prevention Policy and Procedure to pull out proactive and reactive actions in terms of preventing possible loss by any cyber-attack. The bank has ensured that there is a log management policy that every critical systems' owner will follow when maintaining logs for root cause analysis and computer investigation. The bank has a well-organized Incident Management Policy that solidly stipulates how the bank will respond to an emergency. The policy has also introduced an approved CIRT (Computer Incident Response Team) and IERT (ICT Emergency Response Team) for the IT Division of the Bank. In this context Bank's ICT Risk Management Committee, IT Security Committee and IT Steering Committee supervises and monitors business disruption and system failures, execution, delivery and process management, data entry errors, vendor disputes, data security, physical security, network security etc. so that any kind of risks can be properly identified, addressed, controlled, mitigated or managed.

The bank's management is constantly striving to improve IT service delivery management, which includes capacity management, application management, change management, incident and problem management, to maintain maximum availability of automated banking. Moreover, the Bank has implemented world renowned Temenos T24 as its Core Banking Software. For Infrastructure Security Management EXIM Bank has implemented security solutions at the data, application, database, operating systems and network layers to adequately address the different related threats by installing next generation state-of-the-art firewall along with the Intrusion Detection System (IDS) and Intrusion Prevention System (IPS), Desktop/Laptop Devices Control, BYOD Controls, Server Security Control, Data Center Control, Network Security Management, Cryptographic protection, Internet Access Management, Vulnerability Assessment and Penetration Testing, Patch Management and Security Monitoring for prompt detection of unauthorized or malicious activities. To properly manage intrinsic right to access confidential data, applications, system resources or facilities for legitimate purposes, the bank developed User Access management policies, Password Management policies, input control and Privileged Access Management (PAM). The bank has already started implementation of Web Application Firewall (WAF) and has future plans to implement Security information and event management (SIEM), Security Operations Center (SOC) etc. The bank has a very strong Business Continuity Plan (BCP) and Disaster Recovery Management Plan (DRP) to survive after a disaster and to re-establish normal business operations. In order to survive with minimum financial and reputational loss, the Bank assures that critical operations can resume normal processing within a reasonable time frame. In this regard, EXIM Bank has implemented Near Disaster Recovery site (Near DR) having synchronous mirroring facility of live System. Bank has also implemented a second DR (Far DR) site at Jashore which will safeguard Bank's precious data specially at any natural disaster like flood or

earthquake. The bank has developed and implemented effective policy for data backup and recovery for each critical business application, which is being meticulously followed.

For any new application of business function, EXIM Bank performs rigorous analysis before acquisition or development to ensure that business requirements are met in an effective and efficient manner including ICT Project Management, Vendor Selection for System Acquisition, In-house Software Development, and Statutory Requirements etc. EXIM Bank has successfully incorporated Alternative delivery channel services such as ATM/POS transaction, Internet Banking (IB) and Mobile Banking. In this regard we have incorporated the most superior security measures like Two-Factor Authentication, Secure Sockets Layer (SSL/TLS) for more secure cryptographic measure, Anti-Skimming devices at ATM booths etc. To prevent card counterfeiting, management has segregated duties for card production, PIN production, Card delivery and PIN delivery. The privileges are also segregated in Card Management System (CMS) as per the job role. For risk management of outsourced services, Bank maintains Service Level Agreement (SLA) and Annual Maintenance Contract (AMC) with different vendors who are providing critical services on behalf of bank. The bank has given emphasis to educate the customers, stakeholders, including its employees by providing appropriate training sessions to create ICT Risk awareness as well as to facilitate proper risk management.

In order to ensure better and efficient banking services, EXIM Bank has been using world renowned CORE (Centralized Online Real-time Electronic) banking software Temenos T24 which enables us to provide various level of services to our valuable customers and also enhancing the management efficiency and business productivity. With T24 we can provide all sorts of general banking, investment and trade finance (along with SWIFT interface) related services to our valued customers and also providing necessary reports for valued customers, management and regulatory authority. In order to enhance the functionalities of branches and to incorporate digital banking services, we are upgrading our CBS (Temenos T24) from the current release R07 to R18. The latest version of CBS T24 will incorporate many new improved features with advanced browser based new web interface, performance optimization due to radical changes within the software, adaption to new Multi App server technology and up-gradation of hardware with new technology to help Bank strive through, in this era of technologies. EXIM Bank had been with the Bangladesh Automated Clearing House (BACH) and Bangladesh Electronic Fund Transfers Network (BEFTN) from the very beginning. EXIM Bank was one of many first banks that have implemented RTGS with Bangladesh Bank. EXIM Bank is one of the few banks who have implemented RTGS with their in-house developed software (middleware) instead of buying it. EXIM Bank has already initiated the new BACH-II infrastructure with the guidance of Bangladesh Bank, which has enabled all the branches to acquire the capability of clearing foreign currency cheques of the customers if Bangladesh Bank permits. With the initiation of new BACH infrastructure, the branches are now also capable of transferring amount using BEFTN within the same day as BEFTN has introduced 02 (two) sessions per day. We have established network

connectivity with Election Commission (EC) to access the National ID (NID) Database for identity verification (KYC) purposes during any account opening process. The bank also has implemented an in-house developed e-KYC solution for customer due diligence.

In an effort to introduce the unbanked and underprivileged to the banking network, EXIM Bank decided to introduce Sub-Branches to save the masses a lot of trouble by providing root-level access. On that note, Bank already has inaugurated several Sub-Branches and many more waiting to be launched in near future. EXIM Bank has also started their Agent Banking Division and already has inaugurated several outlets as of June 2023. Bank now have 148 branches, 66 sub-branches, 12 Agent Banking Outlets and 285 ATMs all over the country. Our ATM services contains a variety of features like 24x7 cash withdrawal facility, balance inquiry, secure fund transfer etc. Any EXIM Bank debit cardholder can now perform cash withdrawal with ATM booths and POS of any Bank. It is now fully being managed through "NPSB Access Portal" software developed by IT division. EXIM Bank has also initiated Real Time Fund Transfer using Internet Banking to other Banks through NPSB Network for the customers. EXIM Bank's SMS banking service is operated by "SMS Banking System Software" which contains features like 'Registration' as well as services like 'Balance Inquiry', 'Mini Statement' etc. and generates alerts for any kind of transaction of any amount for all customers from bank's masked name. "AISER", the Internet banking facility of Exim Bank ensures superior banking experience over the internet features like Real-time Balance Inquiry, Real-time MTDR and Deposit Scheme Information, Real-time Transaction Search and Statement Download from the creation of the account, Real-time Fund Transfer Between Own (Personal) Accounts of EXIM Bank, Real-time Fund Transfer to other Beneficiary Accounts of EXIM Bank, Inter Bank (other Banks) Real Time Fund Transfer, Mobile Recharge, Credit Card Bill Payment, Positive Pay Instruction, DPDC, DESCO and WASA Utility Bill Payment etc. In addition to that, we have started bill collection of TITAS Gas, Karnaphuli Gas and Sundarban Gas through another in-house developed software named CBS-ISW. Furthermore, EXIM Bank has introduced "e-Wallet", the in-house developed Android Mobile App on 2017 to its customers with features like Balance inquiry, A/C Statement, fund transfer (own account), Mobile recharge, fund transfer, credit card bill payment etc. easily made possible at fingertips with android smart phones from anywhere over the internet. On top of that, customers can now use "Nagad" and "bKash" financial services using AISER Platform. EXIM Bank started its SWIFT service since SWIFT started its operation in Bangladesh and currently 25 (twenty-five) AD Branches and Head Office are performing foreign exchange transactions under it. EXIM Bank has established direct connection with SWIFT Network using SWIFT Alliance Gateway (SAG) and also upgraded SWIFT Alliance Access (SAA) to 7.6.56 which are allowing the Bank to have upper edge in terms of secured and reliable connection. EXIM Bank has also purchased extra modules like "SWIFT Sanction Screening" and "Automated File Transfer (AFT)" which are integrated with CBS and making the transfer procedure even faster and clinical. Besides, SWIFT has also introduced "The KYC Security Attestation (KYC-SA)" application under Customer Security Program, which enables the transparent exchange of security status information with counterparties to support cyber risk

management and business due diligence. Also, our Centralized Trade Processing Division (CTPD) operates with our in-house developed software for their Trade Finance operations. We have developed "Remittance Management Software" to run and maintain the remittance services of our Exchange House in UK and other foreign remittance services such as RIA, Western Union, MoneyGram, Express Money, IME, Cash Express, Aftab Currency, Prabhu Money Transfer etc. They are efficiently maintained by the ITD to ensure that transfers abroad run smoothly. EXIM Bank has been using Ababil Off-Shore Banking Software in bank's 03(three) OBUs. EXIM Bank has also established EXIM Finance (Hong Kong) Limited which started its SWIFT operation along with CBS operation in full fledge ensuring adequate security measures.

ICT risk management is an ongoing process. Careful selection of risk management options during assessment and response should take into account the bank's objectives and mission. It may not be practical to deal with all identified threats. Priority should therefore be given to pairs of threats and vulnerabilities that could significantly affect or damage the mission. In addition, the risk management processes to safeguard the mission of the bank and its information systems, taking into account the environment and the bank's own objectives, must determine the risk mitigation methodology and the methods for implementing the controls. The most successful approach relies on using appropriate technologies from a variety of security products, coupled with appropriate mitigation options and non-technical administrative measures. On the other hand, risk management is not a one-off activity, but must be regularly reviewed to reflect changes in the bank's environment and appropriate countermeasures must be taken. Considering the above context, we can state that in practice at EXIM Bank we have a sufficiently strong ICT risk management system that can ensure business continuity under any emergency conditions.

2.21.7 Managing Fraud and Forgeries

Fraud is defined as "any behavior by which one person intends to gain a dishonest advantage over another". Fraud and forgeries in Banks are the use of fraudulent means to obtain money, assets, or other property owned or held by a Bank. Frauds and forgeries are committed in the banks in various departments by employees and by the outsiders with or without the involvement of the bank employees.

Frauds and forgeries are committed due to loopholes in the system, non compliance of the procedures, ineffective supervision and lack of control over the business affairs of the branches. Sometimes it becomes extremely difficult to identify the fraudulent person and comes to the notice years after they are committed.

Banks can mitigate fraud risks significantly by analyzing each individual transaction in real-time and monitoring fraud and forgeries throughout all service delivery channels despite the fact that each channel has its own characteristics and specific fraud risks.

EXIM Bank designed an appropriate control framework with control activities defined at every business level, i.e. top level review; appropriate activity controls for different branches or divisions; physical control; checks for compliance with exposure limit and follow-up of non-compliance; a system for approvals and authorizations; and system verification and reconciliation.

Control activities again involve two steps: (1) Formulation of control policies and procedures and (2) ensuring that the control policies and procedures are being complied with.

EXIM Bank boasts a strong and resourceful Internal Control and Compliance Division (ICCD) that ensures existence of adequate control activities throughout the organization and it remains vigilant round the year so that internal auditors may predict such situations where fraudulent incidents are likely to take place.

Numerous precautionary measures have been adopted to manage frauds and forgeries, such as:-

- Strict adherence to relevant rules, regulations, guidelines and instructions prescribed by the competent authority from time to time.
- Close supervision, monitoring and evaluation of daily activities at both branch and Head Office level through daily summary, DCFCL, Daily Affairs and other checklists
- Sending SMS notification to account holders for all sorts of withdrawals and deposits
- Keeping the information updated both of the customers and employees through KYC (Know Your Customer) and KYE (Know Your Employee).
- Maintenance of books of accounts, registers etc. properly and regularly
- Internal checking
- Specifying role of users with live user wise transaction checking
- Conducting routine and surprise inspection
- Job rotation of officials through transfer/posting at regular intervals.
- By keeping the Operating System, antivirus software, firewalls updated to secure the online banking
- Taking administrative and disciplinary actions against the dishonest staff and officials
- Enhancing the knowledge & expertise of the employees by arranging training, workshop, regular study circle

2.21.8 Internal audit

Audits are vital mechanism of a Bank's risk management as they help to identify issues before they become substantial problems in future. Banking business has a diversified complex financial activity which is no longer limited within the geographic boundary of a country. Internal audit is an integral part of internal control system which reinforces the control system through regular review. As a dynamic process, internal control gives reasonable assurance towards achievement of results through compliance of applicable policy and other established constraints. On the wake of recent scams and fraudulent incidents in the banking business, it has become inevitable to review the ICCD policy/manual of the bank. As such, the bank has revised its policy to establish a robust internal control culture within the bank and to ensure more safety and soundness of the bank as well. However, necessary control measures and corrective actions have been taken on the suggestions or observations made in the audit reports. The reports have been discussed/reviewed/resolved in the meetings of the Board Audit Committee and necessary steps have been taken according to the decision of the Committee during the period ended 30 June 2023.

2.22 Others

2.22.1 Earnings per share

Earnings per share (EPS) have been computed by dividing the basic earnings by the number of Ordinary Shares being calculated as per IAS-33. Where necessary, previous year's figures have been adjusted as per Guidelines of IAS-33.

14. CREDIT RATING SUMMARY

Credit rating of the issuer: Export Import Bank of Bangladesh Limited.

Date of declaration	Validity	Long term	Short term	Rated by	Outlook
May 29, 2023	28 th May, 2024	AA	ST-2	CRISL	Stable

CRISL has reaffirmed "AA" rating in the Long-Term and "ST-2" rating in the Short-Term to Export Import Bank of Bangladesh Limited (EXIM Bank). The above has been done after a thorough and comprehensive analysis of the operational and financial performance of the bank along with its relevant quantitative, qualitative and other widespread factors up to the date of rating. While arriving at the above rating CRISL factored inter alia, financial and operating performance, liquidity issues, compliance of capital adequacy in line with Bangladesh Bank circular and operation management policy of the top management. CRISL also observed some limitations of the bank. The limitations were in the areas of high cost of fund and high large loan/investment exposures, moderate asset quality, significant increase in rescheduled investment. However, CRISL viewed that the above limitations might not have substantial impact on the rating during the forecasted period of rating. The overall financial performance of EXIM bank has been found stable in 2022 which reflected in the net-profit after tax. Moreover, overall Capital to Risk Weighted Asset Ratio (CRAR) of the Bank stood at 13.86% which is in line with the requirement under risk-based capital adequacy framework. CRISL found that the Capital to Risk Weighted Asset Ratio (CRAR) stood at 13.15% (13.03% in solo) as on March 31, 2023. The overall liquidity of EXIM bank has been maintained as per the regulatory compliance.

Advance/Investment to Deposit Ratio (IDR/ADR) of the bank deteriorated to 95.47% December 31, 2022 from 88.02% on December 31, 2021. The Liquidity Coverage Ratio and Net Stable Funding Ratio of the Bank stood at 100.40% and 107.60% on December 31, 2022 respectively which was found satisfactory considering regulatory standard. However, because of high inflation rate, there are indicators that the financial and banking industries might have to face remarkable instability in the coming months. The overall asset quality of the bank has been found moderate. As on December 31, 2022, the consolidated asset of the Bank has d-grown by 0.23%. Gross non-performing investment (NPI) has stood at 3.86% in 2022. Banks rated in this category are adjudged to be of high quality, offer higher safety and have high credit quality. This level of rating indicates a corporate entity with a sound credit profile and without significant problems. Risks are modest and may vary slightly from time to time because of economic conditions. The Short-term rating indicates a high certainty of timely repayment. Liquidity factors are strong and supported by good fundamental protection factors. Risk factors are very small. CRISL also views the bank with "Stable" Outlook for its consistent performance and does not foresee any significant changes in its fundamentals.

Credit rating of the issue: EXIM 5th Subordinated Bond.

Rating rationale: CRISL has assigned AA- rating to BDT 4,000 million 7 years non-convertible 5th subordinated bond of "Export Import Bank of Bangladesh Limited". The above rating reflects fundamentals of the issue as well as of the issuer that include attractive profit rate, sound investment policies and diversified business mix of the issuer. Issuer's cash flow supporting regular profit payment as well as principal payment etc. However, the above factors are constrained to some extent, by the feature of debt instruments, subordination to depositors and other bank liabilities, ensuring effective utilization of bond fund and earning higher profit compared to profit rate, market risk due to restrictions on the reciprocal holdings.

Bonds rated in this category are adjudged to be of good credit quality and offer adequate safety for timely repayment of financial obligations. Protection factors are considered variable and more susceptible to changes in circumstances than securities in higher rated categories.

15. LATEST DEFAULT MATRIX & TRANSITION STATISTICS OF CRC

Default Rate and Transition Rate

Default rate is the percentage of default to total rated entities in a particular time period in a specific scale. It is calculated for each rating scale for a multiple time periods. On the other hand, Transition rate is the percentage of rating changes to total rated entities for a particular time period. The transition of ratings may be upwards or downwards in the scale. For example, an A rated Bond, over a period of time, might be downgraded to next lower scale BBB or upgraded to AA in view of change in forecasted fundamentals and other prevailing market factors. Both default rate and transition rate are helpful for managing credit risks, structuring and pricing of debt. These rates also indicate the accuracy (or inaccuracy) of rating agencies in forecasting the probability of default.

CRISL Cumulative Default Rate (CDR)

CDR is the measure of movement of a rating category into 'Default Rating Category' in a time horizon. This rating is applicable for those counterparties who are in default. The Default is considered to have occurred with regard to a particular obligor when either or both of the two following events have taken place.

- The bank considers that the obligor is unlikely to pay its credit obligations to the banking company or syndicate banking group, without recourse by the bank to actions such as realizing security (if held)
- The obligor is past due for more than 90 days or more as defined by BB Regulator evaluates the consistency of an ECAI's rating category (Notch/Notation) through analysis of Cumulative Default Rate (CDR).

While recognizing rating agencies as External Credit Assessment Institute (ECAI) the Bangladesh Bank has approved separate rating scales for SMEs side by side with the rating scales for Corporate and other category of ratings. Based on the above CRISL has developed CDR against both Corporate and SME scales.

CRISL CDR on SME rating

CRISL three years CDR for SME under investment grade (Se/Me-1 to Se/Me-4) stood at 3.09% with no default at Se/Me- 1 and Se/Me-2 rating notch. The CDR at Se/Me-3 notch stood at 1.22% which signifies that CRISL investment grade default is quite low against the backdrop of about 9.3% overall reported classified loan in the industry.

CRISL, being the first internationally recognized domestic rating agency in the country and also as a sponsor member of Association of Credit Rating Agencies in Asia (ACRAA) complies the regulation of calculating CDR in line with local regulatory requirement as well as compliance requirement of Basel Committee on Banking Supervision.
